

WP SERIES SUPERPOWER PLASTIC POOL PUMP

Delmont WP pump is built to be efficient, durable and reliable. The pump body is made of high strength plastic to withstand heat and resist corrosion. The pump includes a pre-filter with a large strainer to prevent the entry of any foreign objects which could cause damage to the hydraulic parts of the pump, with a see-through lid for easy inspection. The hydraulic design moves water more efficiently and quieter than any other pump in its category.

- Designed for high performance and long wearing application with anti-rust
- Less power use, high head, high flow
- Easy to maintain, clean and use
- Large basket strainer and see-through lid
